

Dangerous Activity Participation Policy

To participate in a Dangerous Activity, Youth For Understanding USA (YFU USA) requires that students obtain special permission. Also, in many cases students must be licensed or certified in the activity and/or provide proof of supplemental medical insurance to cover accidental injuries or death in the pursuit of the high risk or Dangerous Activity.

Prior to participating in the Dangerous Activities listed here, students must provide their District Office a *Dangerous Activity Permission to Participate* form signed by the student, natural parent(s), host parent(s), Area Representative, and YFU Support Services Manager or District Director. Student and natural parents must provide proof of other medical insurance coverage as a condition to YFU approving participation in an activity not indemnified through YFU USA group insurance or YFU partner insurance.

Before engaging in a high-risk activity NOT expressly listed below, students must inform their local district office. ***The assumption should always be that medical, accident, and repatriation insurance is NOT in place if a student takes part in a high risk activity without YFU's permission.***

Students are expected to take adequate safety precautions and must follow all local laws when participating in any kind of physical activity (i.e. helmets may be required when riding a standard bicycle, life jackets are required when boating or white water rafting, etc.). Violating YFU rules governing Dangerous Activities (e.g., being the driver) will nullify a student's medical/liability coverage through YFU.

YFU USA provided insurance does not provide liability coverage for damage caused by a student in pursuit of Dangerous Activities; the student and the natural family are responsible for finding out whether their private insurance coverage applies. For more information on insurance coverage refer to the YFU website at www.yfu-usa.org.

A. Dangerous Activities Requiring Permission Form and Guidelines

Climbing and Rappelling Walls in Controlled Settings

Students must complete appropriate training, use prescribed safety gear, and be supervised by a host parent or responsible adult.

Driving Farm Tractors

Students are permitted to drive standard farm tractors on private property. Instruction and supervision by a host parent or responsible adult are required. Driving tractors or other farm equipment must be in the context of helping out with chores and not a recreational activity. For students covered under the YFU USA plan, driving a tractor is an exception to the motor vehicle exclusion in the medical portion of the policy and it is ultimately up to the insurance company to decide what constitutes a "standard farm tractor" should a claim arise.

Driving Ride-on Lawn Mowers

Students are permitted to drive standard ride-on mowers on private property. Instruction and supervision by a responsible adult are required. Use of ride-on mowers must be in the context of helping out with chores and not a recreational activity. For students covered under the YFU USA plan, driving a ride-on mower is an exception to the motor vehicle exclusion in the medical portion of the policy and it is ultimately up to the insurance company to decide what constitutes a "standard ride-on mower" should a claim arise.

Horse Jumping

Students must be trained and supervised by a qualified instructor. Students must follow safety guidelines and utilize prescribed protective gear.

Hunting and Other Use of Firearms

Students must complete a certified training course in the use of firearms or other weapons used. Students must be properly licensed for both the type of game (animals) sought and the weapon used (including air/spring powered guns and bows and arrows). Students must follow safety guidelines, utilize prescribed protective gear, and follow all local laws. The hunting activity must be supervised by host parent(s) or a responsible adult.

Paint Ball and Archery

Students must complete appropriate training, follow safety guidelines, use prescribed safety gear, and be supervised by a host parent/responsible adult. Students may not engage in these activities for hunting purposes.

Rappelling and Rock Climbing on Natural Formations

For all rappelling, rock climbing, and technical climbing, students must complete a training course and be accompanied by a certified instructor (if student has already completed a training course, he or she must provide proof of current certification and must be accompanied by a responsible adult). Students must follow safety guidelines and utilize prescribed protective gear.

Scuba Diving

Students must complete a training course and be accompanied by a certified guide (if student has completed a training course, he/she must provide proof of current certification and be accompanied by a responsible adult). Students must follow safety guidelines and utilize prescribed protective gear.

Skiing/Snowboarding Outside Ski Resort Maintained Trails/Slopes

Students must complete appropriate training, use prescribed safety gear, follow advisory precautions on local conditions, and be supervised by host parent or a responsible adult.

B. Dangerous Activities Requiring Supplemental Medical Insurance, Permission Form, and Guidelines

Riding in a Private Plane/Vehicle/Device for Aerial Navigation

The pilot must be properly licensed, local laws followed, and all prescribed safety measures in place. ***Natural parents must provide proof of medical insurance coverage.***

C. Prohibited Dangerous Activities

Bungee jumping

Hang gliding

Parachute jumping

Parasailing

Piloting a private plane

Mountaineering

Driving

PROHIBITED (even on private property): operation of vehicles including all-terrain vehicles (ATVs), automobiles, snowmobiles, trucks, motorized trail bikes, go-carts, personal watercrafts, mopeds, motorcycles or snowmobiles.

Students are permitted to ride as passengers on the above vehicles provided they follow all local laws and safety precautions, BUT UNDER NO CIRCUMSTANCES ARE THEY PERMITTED TO DRIVE. Students are **not** covered for injuries/death to themselves or others for accidents when they are driving a vehicle.

Dangerous Activity Permission to Participate

This completed Permission to Participate Form with all required signatures must be on file at the YFU District Office before the activity begins. If you are unable to get the form to your natural parents for their signature(s), they can write a letter which states that they “release Youth For Understanding and the host family from all responsibility during the time our son/daughter is engaged in that activity.” This letter must include their signature(s) and the date permission was given.

Permission to engage in a dangerous activity does not imply that the approved activity is covered by the insurance policy of the student. Host parents and students are responsible for reviewing the student insurance policy before engaging in any approved dangerous activities.

For each activity requiring permission, provide a rationale about why permission should be granted, including: prior or current training, experience, use of proper equipment, qualified supervision, etc. Dates can be specific or cover the entire YFU program period. A copy of this form will be returned to the student when approval is granted. Please make additional requests on separate forms.
